

Welcome to our cause

Dear prospective Juvenile Arthritis Fundraiser member,

We are looking to recruit new committee members to help us with our worthy cause. Ideally we are looking for committed individuals who are driven, earnest and trustworthy team players, kind in nature and in spirit. We are looking for committee members to help us make a difference and raise awareness, as well as much needed funds, in order to help find a cure for children suffering from Arthritis and Uveitis.

The Juvenile Arthritis Fundraiser (JAF) was founded in 2007 by Mary Kranitis, whose son suffers from Juvenile Arthritis and Uveitis. Mary took the ambitious challenge of holding events to raise funds to open the first laboratory in Australia and New Zealand at the University of New South Wales and has successfully done so. If we are to give our children a fighting chance to overcome this debilitating disease, then this laboratory needs to remain open.

If you think you have the skills, the knowledge, the compassion or simply the get-up-and-go, then JAF would like to hear from you. Be a part of our mission "to find a cure" and reward yourself at the same time.

Make a difference to thousands of children and their families.

If you would like to be a part of JAF, the application form can be found at:
www.juvenilearthritismfundraiser.com

If you need further information please contact:
mary@juvenilearthritismfundraiser.com

We look forward to receiving your application and welcoming you to JAF.

Kindest Regards,

Mary Kranitis
